

Three Bond International, Inc. Technical Data Sheet

TB1741F - Cyanoacrylate Adhesive

Typical Properties

Features:

1. High strength
2. Very fast setting, cures at room temperature with very low pressures

Military Specification: MIL-A-46050C, Type 2, Class 1

Physical Properties:

- | | |
|---------------------------------|-----------------|
| 1. Viscosity | 2-10 cps |
| 2. Specific Gravity | 1.05 \pm 0.02 |
| 3. Set Time (NBR/NBR) | 5 sec. |
| 4. Shear strength (Steel/Steel) | Over 1400 psi |

These are typical properties and not product specifications.
